

Look Good Feel Better for men!

Look Good Feel Better is a free national community service program, run by the Cancer Patients Foundation, dedicated to teaching cancer patients how to manage the appearance-related side-effects caused by cancer treatment.

We proudly offer two services to educate and empower men undergoing any type of treatment for any type of cancer.

Virtual Workshops

Virtual Workshops cover exercise and nutrition, skincare, scalp care, and nail care with trained and qualified professionals.

Home-Delivered Confidence Kits

Home-Delivered Confidence Kits are available to all men currently undergoing treatment for any type of cancer.

The Kit includes skincare products and an instructional guide, allowing you to gain the practical benefits of a Look Good Feel Better workshop at your own pace, from the comfort of home.

To register for a Virtual Workshop, request a Home-Delivered Confidence Kit, or to find out more visit lgfb.org.au or phone 1800 650 960
